FRENCH ROYALISTS RENEW HOPES

Martin Named Chairman Of GOP Committee

Willkie And McNary In Full Accord On Campaign Plans

Washington, July 9.—Representative Joseph W. Martin, Jr., of Massachusetts, house minority leader, today was named chairman of the Republican national committee and director of the Willkie presidential campaign.

John D. M. Hamilton, present committee chairman, was selected as executive director. He will work under Martin.

Willkie also announced that Governor Harold E. Stassen, of Minnesota, who was keynote and Willkie's floor manager at the Republican convention, would head a large campaign advisory committee.

Other appointments included former chairman of Russell Davenport of New York, former managing editor of Fortune magazine, to serve as Willkie's personal representative, working with Martin, and the assignment of Owen Root, Jr., young New York lawyer, to organization work among independent Willkie clubs.

Both Davenport and Root were associated with Willkie in those capacities during his campaign for the Republican nomination.

Harmony Prevails

The presidential nominee met his running mate, Senator Charles McNary of Oregon, for the first time yesterday, and afterward reported that they were in "full accord" on campaign plans.

McNary said he was "impressed with Willkie's sincerity," and expressed belief he would make a great campaigner and a splendid president.

The two men attended a dinner last night for Republican members of congress and made brief thank-you talks.

Willkie who had said he would not speak, arose only after the dinner had started the campaign shout: "We want Willkie!"

Campaign headquarters, Willkie announced today, will be established in either Chicago or New York. He added that an effort would be made to have the headquarters "convenient" to Martin, thus indicating that New York was the preferred city.

Hamilton's New Job

Discussing his own "plans" Willkie said that he "undoubtedly" would make an effort "to organize independent Democrats" behind his presidential candidacy.

This would be undertaken, he explained, through the already started organization of Willkie-for-president clubs.

In defining Hamilton's new position Willkie said that he would continue to be compensated with a salary of \$25,000 a year and that his job would be "assisting Mr. Martin."

Martin, he said, "is the campaign manager in charge of the campaign."

Willkie also announced that Sinclair Weeks of Massachusetts had been chosen chairman of the executive committee of the group.

No "One-Man" Show

"We feel," Hallinan said, "that in Willkie as president we will not have a one-man show as we have had for the past eight years under the New Deal."

Hallinan announced that Sinclair Weeks of Massachusetts had been chosen chairman of the executive committee of the group.

Coup de Grace

The Richelieu was struck first by depth bombs from a motorboat under her stern to wreck her propeller and steering gear, but the

Wounded

Edward J. Mallen, Jr., of Franch, Wyo., was one of two American students critically wounded in one of the numerous armed clashes accompanying the Mexican presidential election. Mallen received a pistol wound in the stomach.

Air Transport Establishes A New Record

New York, July 9.—A giant new air transport, called a strato-liner, roared into LaGuardia field today at 9:29 a. m. (4:22 a. m. est) today to set a new west-east transcontinental record for commercial planes.

It had taken off from Burbank field Los Angeles, at 9:15 p. m. (est) last night and stopped briefly at Kansas City on its flight through the so-called sub-stratosphere—an altitude of about 17,000 feet. It was an hour and 11 minutes ahead of schedule.

The four-motored Boeing 231-23, a 450,000 craft, spanned the continent in the elapsed time of 12 hours 14 minutes, compared with the time of 12:44 set by a TWA plane on a scheduled passenger flight in March 16, 1935.

Plaster trips have been made in transport planes—D. W. Tomlinson flew a Douglas DC-1 from Burbank to New York in April, 1935, in 11:05:45, and Howard Hughes flew from Glendale in August, 1938, at an average altitude of 20,000 feet in 10:34—but not on regular flights.

Hughes holds the record of records—his January, 1937, trip in a special plane from Los Angeles to Newark in 7 hours 28 minutes 25 seconds.

A sister ship reached Los Angeles from New York at 10:42 a. m. eastern standard time (9:42 a. m. est) today, in the elapsed time of 14 hours 9 minutes, also a new westbound record.

Both inaugurated TWA coast-to-coast passenger flights at the new high level, the planes being designed with pressure-equalizing equipment to enable them to fly up to 20,000 feet without discomfort to passengers.

Isaac Weeks, colored, of 721 North Evergreen avenue, was arrested yesterday by police on a warrant signed by his sister-in-law, Rachel Foster, who charged him with assault and battery. Isaac and his wife were having an argument when Rachel "put in her two cents worth" and Isaac slapped her. He paid \$25 in police court for that gesture.

British Free To Move More Power Against Italy

Expected To Play Powerful Role In Mediterranean Situation

LONDON, July 9.—(AP)—Reuters. British news agency quoted Japanese reports from Singapore, today that the British had seized the 4,350-ton French liner Ile de France.

BY THE ASSOCIATED PRESS

Strong units of the French fleet at Alexandria—under orders by the German-mastered Vichy government to "fight their way out" if necessary—surrendered to the British today to be demilitarized for the duration of the war.

As Britain swept the seas anew to keep France's navy out of axis hands, reports from Singapore today that the British had seized the 4,350-ton French liner Ile de France, which slipped out of New York some weeks ago.

Nazi influence over the French government at Vichy became clearer when the French senate voted 225 to 1 in favor of a sweeping revision to provide for a virtual dictatorship under 84-year-old Premier Marshal Henri Philippe Petain and the revamping of France's 150-year-old republican form of government.

The chamber of deputies, however, had approved it, 33 to 3.

Rome dispatches disclosed a purported German movement hinted at a three-fold attack on the British empire—but made no mention of the long-awaited "zero hour" for the projected attack on the island kingdom itself.

The decision of French naval authorities to turn over the French fleet at Alexandria leaves the British free to seek out the Italian navy in the Mediterranean for the "future engagement" promised by Prime Minister Winston Churchill last week.

It came at a time, too, when reported German movements hinted at a Nazi attempt to wrest Britain's control over the Mediterranean stronghold of Gibraltar.

Triple Scheme

The triple scheme of attack on Britain, as outlined in Rome by the authoritative Virginia Gayda, sometimes known as Mussolini's "mouthpiece," calls for:

1. Blockade of the British Isles.

2. Destruction of Britain's empire contacts—which might include Gibraltar, Malta and the Suez canal.

3. Defeat of the British at home, in imperial territories and at sea.

2 Local Youths Join Military Training Posts

The enlistment of Francis G. Winters, rural route 1, Manteno, in the medical department at Camp Ord, Calif., and of Robert L. Goodlink of Papineau, in the air corps at Chanute field, Rantoul, was announced today by Sergeant William G. Reilly, recruiting officer at the army.

The recruiting officer also announced vacancies for high school graduates in the corps at Brooks field, Tex., and Chanute field and in the 50th signal battalion at Fort Lewis, 15th infantry at Camp Ord, and the medical department at Camp Ord.

General vacancies are—medical department at Selfridge field, Mich.; quartermaster's regiment at Selfridge field, quartermaster's corps at Chanute field and Fort Brady, Mich.; field artillery at Fort Lewis, Wash.; 90th anti-tank battalion at Fort Lewis, 15th infantry at Camp Ord, and the medical department at Camp Ord.

Suit To Rescind Contract Begun

Suit to rescind a contract to buy tractor tires was begun last Tuesday morning before Justice Fred R. Smith.

Robert Luedke of Mokena seeks to have \$160 or the value of two tractor tires refunded by the Winchester implement firm of Herscher.

He claims that the merchandise was misrepresented in that he was led to believe he was purchasing new tires when in reality they were second hand. Luedke had Attorney Fred R. Smith, Jr., as counsel. The defendant, L. Winterroth, acted as his own attorney.

(Continued on page two)

Reddick Team Takes County Judging Contest

The Reddick team won the county 4-H club livestock judging tour on Friday, the largest event of its kind ever staged in this county.

Other teams participating finished in the order given—Herscher, Mokena, Manteno, Grant Park, Kankakee, Limestone, Ghebanse and St. Anne.

The Reddick team was composed of Joe Joyce, Dick Feller and Ray Ruder. The second place team was composed of Lloyd Christensen, Frances Sargeant and LaVarne Schwark. These teams will represent the county in the state contest in Champaign on Aug. 5.

Leading individuals among the boys in the contest were—Joe Joyce, 364 points; Lloyd Christensen, 359; Eldon Lawson, 341; Francis Sargeant, 327; Richard Feller, 326.

The leading girl contestant was Mary Ellen Buck of Mokena with 303 points.

4 Young Women Of County Get Teaching Jobs

Four young women of this county who are former students of Illinois State Normal university have accepted teaching positions for next year. They are:

Miss Adelaide Green of St. Anne who will teach commercial subjects in the New Trier high school at Winnetka.

Miss Marcelle Burnham of Mokena, teacher in 12th grades at Beecher.

Miss Margaret R. Hatch of Manteno, commerce instructor in the Paw Paw high school.

Miss Betty Wolfe, 692 South Osborn avenue, physical education in the Lafayette school at Jacksonville.

Miss Marjorie Bane of Normal, another Normal student, has accepted the position of second grade teacher in the Mokena school.

Roy Duchene Is Arrested On Assault Charge

Roy Duchene, 27, of 354 South Dearborn street, Bradley, was arrested yesterday by Deputy Sheriff Gene LaFontaine and Ben Trombley on an assault and battery charge.

The complainant was Darlene Schimpfer, his former "girl friend," who accused him of beating her during an altercation.

Before Justice Fred R. Smith, he was fined \$50 and costs but the fine was suspended on his promise of future good behavior.

Attorney Bell Of Watseka Given Chancery Post

Watseka, July 9.—(RN Special)—Attorney Wallace J. Bell has been appointed master-in-chancery for the ensuing year, it was announced today by Circuit Judge Roscoe C. South.

The new appointee replaces Kenneth A. Smith who just completed his one-year term.

Martinton High School Awarded State Credits

Martinton, July 9.—(RN Special)—Recognition of Martinton high school by the state department of education at Springfield for another year was announced in a notice received today by Principal A. R. Grismer.

The recognition signifies that graduates from the three-year Martinton school are on an equal basis with graduates from similar schools throughout the state.

Salesmen Held In Watseka Jail

Watseka, July 9.—(RN Special)—Harry Conn, 44, advertising salesman who finished a term at Penitentiary state penal farm in Greencastle, Ind., for forgery, was re-arrested on his release yesterday and brought here by Sheriff Guy E. Redman and Deputy Irvin Wilson.

He is to stand trial in Iroquois county for embezzlement. Conn was indicted on this charge by the November grand jury.

Prison Escape Frustrated In Ft. Madison, Ia.

One Convict Kills Himself When Freedom Blocked By Electric Fence

Fort Madison, Iowa, July 9.—(AP)—An attempt by three convicts to break out of the state penitentiary here with the aid of former prisoners failed last night, with these results:

William Cunningham, 30, of Sioux City, Iowa, one of the convicts, killed himself when he found his way to freedom blocked by an electrified fence.

Robert Hart, a prison guard, was shot in the neck and critically wounded by one of the "outsiders" who tried to help the prisoners escape.

A guard fired at the three men outside the walls and said he believed he hit one of them.

The two convicts who tried to escape with Cunningham were halted before they reached the prison walls.

Search for Trio

Warden Glenn C. Haynes, in announcing details of the futile escape attempt, said he believed three men who broke out of the penitentiary June 22 were the "outsiders" who tried to free their trio of friends.

Today officers of mid-western states were searching for traces of the three men who escaped last month and had been blamed by authorities for a series of robberies and other crimes in central states since they gained their liberty.

Warden Haynes said the men who broke out June 22 were Ivan Sullivan, 28; Lowell Haene, 27, and Forrest Estes, 36.

Cunningham and Sullivan were close friends, the warden said, and inquiry last night developed that Sullivan had told Cunningham he would come back and help him escape.

The unsuccessful dash for liberty began when one of three men who had been seen outside the prison walls shot Hart as the guard walked along the top of a wall.

The man then threw a shotgun over the wall and ran with a companion to a nearby car, where a third man was waiting. They fled toward Burlington, Iowa.

Prison authorities said that as the shot was fired the three convicts inside shouted "Let's go."

Cunningham picked up the shotgun and the three men started toward a point where a new prison wall was under construction.

They were halted by an electrified fence outside the site of the construction work.

Unable to get past the fence, Cunningham turned the shotgun on himself, fired a bullet into his head and died instantly.

The other two men gave up. Warden Haynes listed them as William O. Kuncze, 24, of Omaha, Neb., and Detroit, Mich., and Wilford Sampson, 43, of Cedar Rapids, Iowa. Both were serving 25-year terms for robbery with aggravation.

Cunningham was serving a life term for participation in the \$3,000 robbery of the Lemars, Iowa, savings bank May 11, 1935.

NOT IN ACCIDENT

Heinz Traub, 607 Osborn avenue, is not the H. Traub who was involved in an automobile accident Thursday in the 100 block of East Court street.

THE WEATHER

(Tuesday, July 9, 1940)

Hourly temperature readings from 1 o'clock Monday to noon today are:

High at 2 p. m. 90, low at 4 a. m. 67.

A year ago fair, high 96, low 71.

1 p. m. 89 1 a. m. 67

2 p. m. 90 2 a. m. 67

3 p. m. 89 3 a. m. 67

British Children Reach Haven

Here are some of the 71 refugee children from Britain—the first batch to enter the United States under the plan to provide them homes safe from bombs—aboard the armed British liner Scythia as they greeted the New York skyline.

Four Youngsters Work On Streets As Theft Penalty

Four youths captured by police early Monday for theft of accessories from parked cars will probably think twice before they try such stunts again.

Brought before Police Magistrate Edward Hoennicke yesterday, they pled guilty to charges of disorderly conduct after the larceny accusation was modified. Each was fined \$25 and costs but lacking the money to pay, each will have to toil 14 days on city streets to make up the fines.

The four are Charles Porter, 20, of 168 South East avenue; Wilbur Osterhoff, 15, Jack Adams, 13, and Edward McQuary, 16, all of Bradley.

Morris Mansion In Watseka Sold For Church Use

Watseka, July 9.—(RN Special)—The home of the late Free P. Morris on North Fourth street has been sold to the Lutheran Calvary church of Watseka, it was disclosed today.

The widow, Mrs. Christy Morris Meents, reportedly sold the mansion and its lot almost a block square at an exceptionally low price, enabling purchase by the church congregation. On Aug. 15 the Rev. B. P. Prang will take possession, using it as a parsonage for the time being. Later it is planned to remodel the structure for a house of worship.

Hit By Auto But Not Badly Hurt

Robert Maier of 503 South Washington avenue, a pedestrian, was struck by a hit and run driver at Main and Water streets about 9:30 o'clock Monday evening. His injuries did not prove serious.

The driver, a woman, turned north onto Main street from Water without stopping for the through street sign. A check of the license number of the car showed it was issued to R. R. Swaine of Quincy.

In an accident this morning at Court and Indiana avenues, autos of Leo Patore of 328 South Harrison avenue and Harry Lunsky of 930 South Osborn avenue were involved.

Greek Church To Conduct Annual Picnic Sunday

The eighth annual picnic of the Greek Orthodox Church of the Annunciation will be held Sunday at Waterman park for the general public.

The entertainment will include a baseball game between the Moose team and a colored team of Chicago. There will be the customary barbecue and refreshments of all kinds.

Proceeds of the affair go into the church treasury.

Snake Invades Martinton Home

Martinton, July 9.—(RN Special)—A bull snake three feet long invaded the home of Mr. and Mrs. William Chadwick here Saturday, probably entering through an unlighted screen door.

When discovered in the hall by the Chadwicks' daughter-in-law Mrs. Carl Chadwick, the snake fled under the bed in an adjoining room. William Chadwick killed it with a revolver shot.

The following day a snake of similar species and size, probably the dead snake's mate, was killed near the Chadwick home.

Restoration Of Throne Is Seen In Dictatorship

New Constitution Is Considered With Marshal Petain As Leader

BULLETIN

Vichy, France, July 9.—(AP)—The French senate adopted today the government's resolution for revision of the French constitution, by a vote of 225 to 1. It previously had been adopted by the chamber of deputies.

BY THE ASSOCIATED PRESS

Bern, Switzerland, July 9.—France's forgotten family—the House of Orleans—hopes for restoration of the throne in the virtual totalitarian dictatorship which Premier Marshal Henri Philippe Petain is reported forming in the new French state.

the value of our seapower, a point which we do not intend to

The other naval action since attack at Oran mentioned by Alexander was the raid by British craft July 6 on the battleship

It already had been disclosed that British officers scored 25 hits on the damaged, grounded, 26,500-ton tanker capital ship July 6 and Alexa said the aerial attack would incapacitate her for a long time. Meanwhile, British intelligence relations net enmeshed Brian B. and Carroll, 31, treasurer of British Union of Fascists, and a niece, Sir Barry Domville, for director of British intelligence, and Lady Domville. They were arrested last night. Admiral Domville, who retired in 1924, lived in Bournemouth and his wife to Holloway prison. Admiral Domville, 62, was chairman of the pro-German organization known as the "link" dissolution which was announced some time

Largest Ship Crippled
Meanwhile, the first lord of British admiralty, A. V. Alexan-

revealed that the new 35,000-ton French battleship Richelieu was crippled at Dakar, French West Africa, in a daring raid by a British motorboat which dropped charges close under the Richelieu's stern and planes which torpedored her.

Alexander said seven French capital ships have now been "accounted for" since the British last week issued an ultimatum on the French fleet either to surrender or scuttle their ships to prevent them falling into the hands of the powers.

A naval battle within the French American neutrality zone was forecast in dispatches from Vichy. French government seat, declared that French fleet units blockaded Martinique expected British warships to attack "at any moment."

French-Owned Island

Martinique is a French-owned island in the Caribbean sea, 100 miles northeast of the Venezuelan coast. It is about 1,200 miles southeast of Miami, Fla.

French navy ministry sources said the beleaguered craft included France's only aircraft carrier, the *Armand Barbes*.

A group of U. S. destroyers previously was reported en route to the Martinique area to act as escorts of any U. S. mail which might violate the neutrality pact.

France's entry into the ranks of totalitarian states, under the domination of German conquest, appeared certain today when the French cabinet approved, and passed to a bill granting full powers to Premier Marshal Henri Philippe Pétain's government to write a new constitution.

"Chief of State"

Pétain, 64, was elected

Hungary's government leaders headed to Berlin today to discuss the situation with German and Italian foreign ministers and it was widely expected that Hungary has reported to have promised. Her claims would have met.

The British admiralty announced last night the torpedoing of the British destroyer Whirlwind, 2300 tons, sunk since the war began.

Nazis in Berlin said a new campaign—by air and sea—had been launched against British shipping.

Dienst Aus Deutschland said 330,000 tons of...

New Strategy in Pacific Believed To Be Under Way

Steadily Stiffening Attitude Toward Japanese Pressure For Free Hand

By HUBERT C. MONTIE
Washington, July 9.—(UP)—President Roosevelt is believed to be planning new naval strategy in the Pacific today to support a steadily stiffening attitude toward Japanese pressure for a free hand in Asia.

This was the interpretation placed by diplomatic quarters on the surprise visit to Washington by Admiral J. R. Richardson, commander-in-chief of the fleet and on other naval, military and diplomatic moves during the past week.

Richardson flew here from Hawaii in a navy plane while the major units of his fleet were undergoing routine overhaul at the Pearl harbor naval base. Upon his arrival here he conferred with military and naval leaders.

His White House appearance followed immediately after a conference between the President and Lt. Col. Richard K. Southard, army chief of staff in the Philippine Islands.

Both indicated that the President concerned only "routine matters." Behind these "routine matters," however, were the following developments during the past two weeks:

1. Mysterious departure of the fleet from Hawaii, for an unannounced destination. A week later the fleet returned to Hawaii and Admiral Richardson announced it had been on "routine practice cruise." The area cruised in this mysterious maneuver has never been revealed.

2. Appointment of a law empowered to the President to control or prohibit the exportation of strategic materials, including machine tools, required for American national defense.

3. A public statement of United States policy by Secretary of State Cordell Hull plainly indicating that this country will continue to refuse to recognize the establishment of a "Japanese doctrine" for Asia.

4. Arrest of 16 Japanese army plain clothes men by marines in the American sector of the Shanghai international settlement. Japanese army spokesmen have declared that they are "an unfortunate accident" and a "serious incident." Hull said he considered it a "local incident."

5. Japanese threats to occupy French Indo China unless shipments to Chinese Generalissimo Chiang Kai-shek from the Philippines and railways ceased. These threats were coupled with assertions by Japanese army officials that arms shipments still were going to China Kai-shek from French Indo-China.

6. Japan's demand on Great Britain to prohibit similar arms shipments to the Chinese army through British-controlled Burma, and British rejection of this demand.

7. Japanese withdrawal from the British crown colony of Hong Kong; repudiation of American nationals, British women and children from Hongkong to the Philippines and repudiation by British army and navy commanders for a "disturbance of the colony."

8. Significant visit by a Japanese admiral to the Japanese colony at Manila.

SOME JUMP!
23,000,000 more bottles of Goebel bought in the last eight months of 1937 than in the same months of 1936! That may be "shop talk," but it certainly does mean that Goebel is the taste of Goebel. But to make a long story short, we suggest you try Goebel Bantam Beer, of your favorite tavern. There is a full glass in each can, and a full glass in each bottle.

Air Raid Dugout Protects Staff Of U. S. Embassy

By ROBERT G. NIXON
Staff Correspondent

London, July 9.—(UP)—Scene: The American Embassy, No. 1 Grosvenor Square, West End, London. Time: Almost any day in this war year of 1940.

In the embassy lobby an orange light suddenly glows. In this black-out world capital, grimly waiting for a few days with the September 3 for Germany's threatened aerial blitzkrieg, its message is stark and clear.

"Nazi raiders sighted on the east coast, heading in the direction of London. Take cover!"

A red light glows. Two minutes and the bombs may be dropping. An attendant swiftly through a secret passage, electrically operated, screams a warning from the end of every corridor. Simultaneously, the quiet of the London West End almost devoid of traffic is shattered by the spine-tlingling sound of the air raid sirens.

Ambassador Joseph P. Kennedy, the quietest of men, calmly and automatically gasps out a conditioning apparatus, an emergency lighting system that can be operated in the event of a gas attack, gas masks, tear gas, and other emergency equipment.

Through splinter-proof steel doors, the 18 members of the embassy staff, including the ambassador, are hurriedly taken to the basement. The staff is equipped with an automatic gas-proof air conditioning apparatus, an emergency lighting system that can be operated in the event of a gas attack, gas masks, tear gas, and other emergency equipment.

Rumania Does Not Recognize Demands Of Its Neighbor

By ROBERT G. NIXON
Staff Correspondent

Bucharest, July 9.—(UP)—Rumanian government quarters today declared that Rumania does not recognize any Rumanian claims for territorial or other demands.

The statement was made in a dispatch from the Rumanian Foreign Ministry to the Associated Press, which said that Rumania does not recognize any Rumanian claims for territorial or other demands.

Nazis Suffered Heaviest Loss Crossing Aisne

And Storming The Maginot Line Around Verdun According To Press

B. FREDERICK C. OLSHNER
London, July 9.—(UP)—German newspapers today reported that the German army had suffered its heaviest losses crossing the Aisne river in storming the Maginot line around Verdun.

The reports, which were based on German newspaper accounts, said that the German army had suffered its heaviest losses crossing the Aisne river in storming the Maginot line around Verdun.

Germans Launch New Campaign On Shipping

Claim Record Successes Against British During Past Eight Days

By the Associated Press
Berlin, July 9.—A new intensive campaign to destroy British merchant shipping has been launched by German naval and air forces and may be expected to continue indefinitely, informed Nazi sources indicated today.

Opening of the drive was acclaimed by the authoritative commentary Dienst Aus Deutschland, which said 330,000 registered tons of merchant shipping flying the British flag or bound for Britain were destroyed in the last eight days, exceeding all previous figures for any entire month since outbreak of the war.

land itself remained a matter of conjecture.

Favor U. S. Proposals
The German press centered on reports from the United States that President Roosevelt had suggested Europe and Asia adopt principles of the Monroe Doctrine in solving problems of their respective spheres. Editorial comment in Berlin generally was favorable.

Germans said the president's proposals were not completely understood, but the general impression prevailed that the United States is giving more thought to "the negative aspects" of its Monroe Doctrine—meaning that in return for keeping out of the western hemisphere, European powers might expect assurance that the United States would keep out of Europe's affairs.

"If the United States draws honorable conclusions (from implications of the Monroe Doctrine), not only all Europe but also her English proteges will benefit," said the Boersen Zeitung.

Martinique Situation
"For England would not have dared to start this war nor continue it up to now if she had not felt completely certain of the intervention of the United States with all its means."

possession of the French island of Martinique in the West Indies, and speculated whether the United States would consider this an infringement of the Monroe Doctrine.

Twister Damages Homes Early Today In Portsmouth, Ia.

Portsmouth, Iowa, July 9.—(AP)—Tornado winds virtually destroyed the business district here and brought injury to an undetermined number of persons last night.

First estimates fixed the number of injured at 25. Early reports said the property damage in the village and to farm lands would run into the thousands.

Portsmouth, with a business district of about six square blocks, is near the west border of Shelby county about 10 miles west of Harlan, the county seat. In 1930 it had a population of 328.

The storm struck with lightning velocity about 11:30 p. m., followed with a torrent of rain and much hail.

News Boy Victim of Mexican Election Violence

Felix Rodriguez, a newsboy, is shown as he lay dying in Mexico in a demonstration prior to the Mexican City after unionists shot into a group of Mexican presidential election. Disorders accompanied the election brought death to between 50 and 100 persons.

Bund Leader Attacks Proposed Law

Wilhelm Kunze (right), national leader of the German-American Bund, told a senate judiciary subcommittee that a proposed law requiring registration of foreign-controlled organizations would force the

Bund out of existence. Kunze, shown with his attorney, Wilbur Keegan, said no one would dare be an officer of the Bund if the bill were enacted.

Canada Registers 50,000 Reserves In Technical Force

Ottawa, July 9.—(INS)—Some 50,000 Canadian men and women have entered their names on lists organized by governmental and private agencies for providing a reserve for technical and professional skill and experience for the nation's expanding arms industries.

Ranging from accountants to X-ray operators, there are now 15,000 skilled people divided into 300 classes on the books of the Voluntary Service Registration bureau.

More than 8,000 chemists, engineers, geologists and others are registered in a special technical section.

The Dominion government, with the cooperation of the provincial

governments, runs the Employment Service of Canada, providing skilled and semi-skilled workers suitable for war industries.

There are about 18,000 names on government-operated, has more than 1,300 youths receiving instruction in air mechanics in six provinces. All have passed air force medical examinations and stated their wish to enlist.

Young Dodge's Widow Receives Two And One-Half Millions

Pontiac, Mich., July 9.—(AP)—The two-year litigation over the automotive fortune left by Young Daniel G. Dodge was at an end today, and only legal formalities separated his widow, 22-year-old Annie, Laurene Dodge, from the \$2,500,000 which is to be her share.

Mrs. Dodge who was a switchboard operator in Gore Bay, Ont., before her marriage, will receive that sum under a settlement approved yesterday in Oakland county probate court by Judge Arthur E. Moore. In return, she renounces all future claims on Daniel's estate and that of his father, John F. Dodge, who died in 1920 leaving an estimated \$50,000,000.

Mrs. Dodge was widowed after 13 days of married life in August, 1938. Dodge, injured in a dynamite explosion at his Manitoulin island lodge in Georgian Bay during the honeymoon, fell from a motorboat and drowned while being taken to a mainland hospital.

The young widow contested Dodge's will, which left her only \$250,000 provided in a pre-nuptial agreement and the lodge on Manitoulin island. From yesterday's division of the estimated \$11,000,000 Daniel Dodge estate, Mrs. Dodge will receive approximately \$1,070,000 after deduction of state and federal taxes. Daniel's three sisters and his mother, Mrs. Mathilda R. Wilson, receive the remainder.

The settlement also provided, however, for cash payment of \$1,250,000 by the three sisters—Mrs. Wesson Seyburn, Mrs. Isabel Sloan and Mrs. Frances Johnson—in lieu of any further claims on Daniel's share of the motor millions.

An increase in her original widow's allowance from \$5,000 to \$7,500 monthly for a two-year period covering the time of litigation raises the total inheritance to \$2,500,000.

Wellington, N. Z.—(AP)—Seeking profitable development of oil which has been known for 70 years to exist in New Zealand, modern prospecting has been under way since 1938 at an estimated cost of \$2,000,000.

Reaches 100 Years; Takes The Day Off

Waterloo, Ill., July 9.—(AP)—Joseph W. Rickert, the man who won't grow old, laid aside his business cares today to give proper attention to a milestone few persons reach—a 100th birthday anniversary.

"I guess I might as well" the active attorney laughed "I'm afraid my friends just wouldn't let me work. Besides, when a man reaches 100, I think he deserves a day off."

Only the reading of his mail—a morning routine—remained of his normal daily schedule. His arising and bedtime habits 8:30 a. m. and 11 p. m.—will be maintained.

Rickert, with his white-thatched head and slightly falling hearing giving the most noticeable indication of his years was at home this morning to any of his friends "who wished to drop in." His family had arranged a formal "open house" for the afternoon.

Later, the Waterloo municipal band was scheduled to play a short concert in front of his home.

Top of the day's celebration, however, will be a banquet given Rickert tonight by the chamber of commerce. Appropriately, William A. Irwin of New York, director of the American Institute of Banking, will speak on "a century of American citizenship."

Alert and erect, Rickert goes regularly to the law office he established 71 years ago in the commercial bank building two blocks from his home. He walks if weather permits.

He also still is president of the bank, which he helped found in 1882. Rickert attributes his avoidance of infirmity to this philosophy of living: "To be happy is to live and to be happy a man must love his work."

FIGHTER JOINS U. S. AIR CORPS

Memphis, Tenn.—(AP)—Steve Wilkerson was good enough as a fighter to win a national intercollegiate title for the University of Mississippi.

In the last two years he has fought professionally. Now Steve has put away his gloves to join the U. S. army-air corps where he figures "my fighting might do some good if it's needed."

Visits F. D. R.

Arriving unexpectedly and or less secretly in the capital, Admiral J. O. Richardson, commander of the U. S. fleet, conferred with President Roosevelt at a White House luncheon. The admiral came from Hawaii, where the U. S. fleet is now stationed. He is shown at the White House entrance.

World Famous Writer Held By The Nazis

London, July 9.—(UP)—An exchange telegraph Zurich dispatch reported today that Lion Feuchtwanger, world famous German novelist, was among refugees from Nazis who had fallen into German hands since the capitulation of France.

Feuchtwanger, German Jewish historical novelist and dramatist, emigrated from Germany soon after Nazis attained power. Like many others of world repute he was deprived of his citizenship. Feuchtwanger's books have been translated into many languages. One, "Sun" published in the United States as "Power," was acclaimed throughout the world.
